“

Sarah worked with KLRs Marketing team and was nothing short of fantastic. She was helpful, exhibited great work ethic and always came through when we needed her. Her knowledge of design/websites is excellent. It was a pleasure working with Sarah over the past 15 years.

June Landry, Chief Marketing Officer | KLR

ABOUT

IN THE OFFICE

I'm a seasoned web developer with 18 years of professionalism specializing in web development with a strong graphic design background looking to continue my growth and broaden my skills in this field as it continually evolves. Experienced with all stages of the development process for dynamic web projects. Well versed in several CMS platforms with a keen eye on performance and accessibility with a long successful track record in project management and customer relations.

IN THE COMMUNITY

There have been occasions where I've had the honor of being asked to lend my voice and experience by speaking with youth that have an interest in web development and would like to learn more about the field. I've conducted a guest lecture to a group of high school seniors at The Wheeler School in Providence who had chosen to design websites for their final class projects and was able to provide them with guidance and answer their questions. I've also put on a career development-oriented presentation for The Key Program at a girls group home in Massachusetts.

IN MY SPARE TIME

When I'm not pushing pixels around I enjoy spending time with my family - visiting beaches, cinema, live music, touring museums and site seeing. I also collect and mount butterflies as a hobby. I live in Barrington, Rhode Island with my fiancé, ten year old son and our dog, hamster and fish friends.

EDUCATION

RISD - BFA '99

Majored in Illustration with a heavy leaning toward digital and website design.
Graduated with honors.
